Dry Whey - Western Europe

Report 21 - Released on May 21, 2020

Western European whey prices are slightly higher at the bottom of the price range, but steady at the top. Sources note that whey powder availability is more limited recently. This is attributed to a manufacturer preference for drying skim milk powder right now. The overall market for food grade whey is considered stable.

Prices for: Western Europe, All First Sales, Free on Board - Port, Conventional, and Edible Dry Whey

Price Range - Non-Hygrosopic; \$/MT: 650 - 825

Information for the period May 11 - 22, 2020, issued biweekly

Secondary Sourced Information:

January - March 2020 whey exports from the EU, 180,000 MT, increased 8.4 percent YOY according to CLAL data made available to USDA
