Cheese - Oceania

Report 15 - Released on April 14, 2022

Oceania cheddar prices pushed higher at each end of the pricing range. As Oceania enters the lower milk production months, less cheese is available to the market while current buying is steady and expected to remain steady. Potentially, surplus milk could find its way into cheese production, due to the China situation.

Prices for: Oceania Cheese, Cheddar, 39% Maximum Moisture, Free on Board - Port,

Price Range - \$/MT: 6,150 - 6,550

Information for the period April 4 - 15, 2022, issued biweekly
