Report 21

May 21, 2026

MMN Slug ID 1048 /Slug Name: MD_DA640

Email us with accessibility issues with this report.

In the West, low/medium heat nonfat dry milk (NDM) prices are unchanged at the bottom and decreased two cents at the top of the range. The bottom of the mostly price series also decreased two cents, while the top increased one cent. Some sellers indicate there is pushback from buyers on prices this week. Demand from domestic and international buyers is steady. Production schedules are stable. Manufacturers and traders report spot load availability is tighter. High heat NDM prices decreased by less than one cent at both ends of the range this week. Demand is steady. Production schedules vary from intermittent to steady.
