Report 21

May 21, 2026

MMN Slug ID 1098 / Slug Name: MD_DA104

Email us with accessibility issues with this report.

Butter prices held steady at the bottom of the range while the top moved lower this week as ample inventories and ongoing milk availability continued to pressure values. Strong seasonal milk flows have kept cream readily available, contributing to softer butter market conditions and cautious buyer interest. Trading activity remained measured.

Butteroil prices moved higher at both ends of the range, supported by improved demand and firmer market interest. Market tone remains mixed, with butter under continued pressure while butteroil trends firmer.

West Europe Butter					
Freight	Commodity			Low Price	High Price
F.O.B. - Port	Butter	82% Butterfat	\$/MT	4,400	4,625

West Europe Butteroil					
Freight	Commodity			Low Price	High Price
F.O.B. - Port	Butteroil	99% Butterfat	\$/MT	6,675	6,900

Information for the period May 11 - 22, 2026, issued biweekly
