The price range for acid casein is holding steady this week. Contract demand for acid casein is strong for next quarter. Spot demand is softening in Oceania, but contacts in the region say interest from purchasers in other regions is strong. Plant managers say they are running lighter production schedules in Oceania. Spot loads are available to meet current market demands.

Prices for rennet casein are unchanged across the range. Contacts in Europe report strong demand for spot loads and for Q3 contracts. Spot inventories are tight in Europe. Milk output is declining in Europe, following seasonal trends, and plant managers say they are running lighter rennet casein production schedules.

Prices for: Spot Sales And Up to 3 Month Contracts, F.O.B. - Warehouse, Non-Restricted, All Mesh Sizes, Conventional, and Edible Casein
